

## AUGUST SHOW 2020

It is with great regret I as Chairman have to cancel our show in August. I have reflected on the COVID-19 Guidance and I find that the Risk associated with the event will be too great. The Government has issued a Guidance but I feel that we as a club could not follow these guide lines. We would have to carry out a Risk Assessment and manage Social Distancing.

\*On arrival all attendees including Club Members would need to complete Track and Trace details.

\*All attendees would need to have their Temp Checked.

\*We would have to provide numerous hand Sanitising Stations which would have to be monitored by a volunteer throughout the day.

\*Each attendee would need to wear a mask.

\* Each Attendee would have to be mindful of Social Distancing. A Daily stream of Marshalls would be required to police the Social Distancing.

\*We would need to hold the Track and Trace Data for 21 days.

\*We run the risk of people giving false information.

\*We would need to restrict the number of Attendees.

Therefore, in view of this we have reached the inevitable decision of cancelling the show for this year. The Committee find the risk is too great.

Hopefully we can go ahead with our show next year in May/August so we hope to see you then. We shall start planning the May show very soon and will advise you of the date as soon as possible.

Colin Wintle Chairman on behalf of the Committee.
